Please Join us on Tuesday, November 29th as we welcome Michael Higgins, PhD to WineNot to discuss and sign his latest book **"Exploring Wine Regions – Argentina"**. We will also be joined by **Gustavo Moral from the Imported Grape** for a tasting of his beautiful Argentinian wines.

Michael Higgins is an international wine traveler, book writer, and a professional photographer. For twenty years he worked as the Publisher of [Flying Adventure Magazine](#) (a lifestyle travel magazine for people who own and travel on private airplanes, and of whom are food & wine connoisseurs), which has lead him to the most amazing wine experiences. He has been fortunate to meet with very famous winemakers, and made wine with them, have participated in blind tastings, food & wine pairings with celebrity chefs... and he has worked in the vineyards, pruned the vines, and picked grapes. Michael will be talking about his first book **"Exploring Wine Regions-Argentina"**, and signing them at the event

We will be also joined by special guest Gustavo Moral, President of The Imported Grape Wine Company. He has a big passion for and deep knowledge of South American wines, and has been a featured educator at the Boston Wine Expos.

Gustavo will be pouring 5 **unique wines** from well known Argentinian region Mendoza, and from the more exotic region Salta. If you like Malbec, and full bodied reds, you can't miss this event. We will be sampling fine cheeses, salami and chocolate.

Date: Tuesday November 29th at WineNot.

From 5-6pm ~ Please stop by at WineNot to meet Michael (no charge)

From 6-8pm ~ Special Event with book presentation, wine & food sampling. (\$25/person or \$40 for 2 people)
